Y3 MUSIC PROVISION

Dear Parents/Carers,

At Yew Tree, we believe in providing opportunities for children in many different areas. As part of this offer, the Governing Body have invested significantly in music provision so that **ALL CHILDREN in Y3 can learn a musical instrument for FREE!**

This means that, once again, children in Y3 will be learning the recorder in 2025/26. They shall each be provided with an instrument to practise with. If you would like to take this home to keep, we are asking for a contribution of £2.50 from each child. The recorder will then be their property and we shall ask that they keep this safe and look after it. It will then belong to them to keep even when they leave Y3.

In order to get the most out of this opportunity please encourage your child to practise at home and ensure they bring their instrument to school **EVERY TUESDAY** so that they have this available for their lesson. The recorders will be issued to the children in September but will only be available to take home when we have received payment.

In order for your child to be issued with their instrument for the year please make a payment on School Gateway: <https://login.schoolgateway.com/0/auth/login>

If you have any questions then please do not hesitate to contact the office via phone or email.

Regards

Mr Jamie Barry
Head Teacher
