

Year 4 INSPIRE

Thursday 13th October

## What's it about?

Today is an opportunity to get a snippet of what we do in school, and to help give you some ideas of ways to help your children at home.

## Why times tables?

In June, all children will take a times tables test. They have 6 seconds to answer each question and each question will be random.

## TT Rockstars

Username: First 3 letters of first name, first 3 letters of surname

Password: If you are unsure of this, please message your child's class teacher.

### Hit the Button

[▶ Play Game](#)

Hit the Button is an interactive maths game with quick fire questions on number bonds, times tables, doubling and halving, multiples, division facts and square numbers. The games, which are against the clock, challenge and develop mental maths skills. An untimed, practise mode is available in our [Hit the Button app](#) along with lots more extra features.

The activities can be matched to appropriate mathematical ability. Regular use of Hit the Button can help students to sharpen their recall of vital number facts in a fun way and learning multiplication tables need not be boring.

Hit the Button is available as an app on  
iOS, Android, Windows and Mac!

# J2Blast

The screenshot shows the J2Blast game interface. At the top left is a home icon, and at the top right is an alarm clock icon. The main display area has a yellow background with a wavy pattern and shows the math problem  $1 \div 1 =$ . On the left side of the display is a cartoon green fish in a blue bowl. At the bottom left, it says "level 20 Question 1", and at the bottom right, it shows a score of "✓0 x0". To the right of the main display is a numeric keypad with buttons for digits 1-9, 0, a trash can icon, and an equals sign icon.

[Blooket](#)

# Chanting

However, the easiest and simplest way to practice our times tables is chanting.

$$0 \times 4 = 0$$

$$1 \times 4 = 4$$

$$2 \times 4 = 8$$

$$3 \times 4 = 12$$

$$4 \times 4 = 16$$

$$5 \times 4 = 20$$

## Activity

This morning, we are going to do 2 activities with the children, both of which you can take home and repeat.

**Thank you**

**On behalf of Year 4, we would like to thank you for all coming today and your continued support.**

**Are there any questions?**
