

YEAR N HOME LEARNING SUMMER 2 WEEK 1

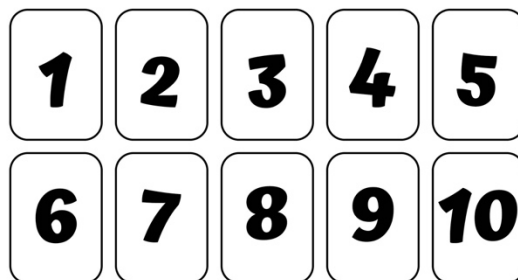

These are your 'Home Learning' tasks for our year group.
Share your progress with us on Tapestry by adding an observation including photographs, videos and the pupil voice.

Reading

Each day of the school week, share a story with your child and talk about the story that you have read to them.

Mathematics

We are looking at numbers to 10. Go on a hunt for numbers to 10. What numbers can you find? Where can you find them? Can you draw/write/represent them yourself? How will you choose to do it? Will you write the numerals or draw pictures?

Fine Motor Skills

Practise making snips and cuts with scissors. With adult support, learn to hold your scissors independently.

Topic

Our new topic is 'On the Beach'. Make a beach or under the sea picture. Think carefully about the animals you will add. You can create your artwork using a computer paint programme, paint, drawing or collage materials.
