Tips to help you enjoy books together every day

- ★ Choose somewhere away from noise, television and mobile phones.
- ★ Take time to look and talk about the pictures.
- ★ It doesn't matter if your baby chews books to start with. Soon they will enjoy helping you turn the pages!

Use animal noises or sound effects – these help to bring the story to life and make you both laugh!

Stories and rhymes can be shared with the whole family so why not invite siblings or other family members to join in?

It doesn't matter if you're not a brilliant reader yourself because just listening to your voice is comforting for your baby.

Have fun singing this rhyme with your child:

*Twinkle, twinkle, little star,
How I wonder what you are!
Up above the world so high,
Like a diamond in the sky!
Twinkle, twinkle, little star,
How I wonder what you are!*

- ★ **Twinkle, Twinkle is a perfect rhyme for bedtime – why not look up at the night sky together.**
- ★ **Make stars with your hands – open and close your hand to show the star twinkling.**
- ★ **Sharing rhymes every day, even for a few minutes, can also help your child grow into a reader.**

Why reading with your child is important

Reading together is great for bonding and building a strong and loving relationship with your child.

The routine of sharing stories and rhymes will help your child to communicate and will support their wellbeing.

Children who are read to from an early age do better when they get to school - learning rhymes and stories together will give them a flying start in life!
